Well I kinda went backwards here, usually if I start a series a couple books in I buy and read the first book. I started Desert Wolf and was sucked right in, so of course here I am reading the 1st The Prequel. Ms. Lowe has a way of putting the important characters in Twin Moon Ranch in this series. Rae is a Wolf Shifter, plus so much more, but she couldn't let it be known because Many wolf packs would keep her as their own and Rae was her own person. In her home in Colorado she started running from stalker Jed whose thoughts were to control her. Her running lead her to Nevada and was transferred to Arizona. There she realizes who she's meant for. Zach is half wolf shifter and coyote shifter, he's also a damn good tracker too. Coming back to pack after being away for a week, things seem to smell different, plus Ty is acting funny. What going on here? Why are all the Wolves keep talking about the new girl? I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung  
Strictly off limits or destined mates? Rae has a secret one she cant allow any wolf pack to discover. But with an old enemy hot on her heels, she has no option but to trust Zack, the man from the wrong side of the tracks. Taking off on the back of Zack's Harley seems like good idea at first, but when she lowers her defenses for the captivating coyote shifter, she might just be risking it all. The new she-wolf in town may be strictly off-limits, but Zack just cant keep away. When the thrill of the chase gets his blood pumping in more ways than one, hes ready to overstep every boundary and break every rule. Destiny says shes his but the packs ruling alpha says she belongs to another. Theres more than meets the eye on Twin Moon Ranch, home to a pack of shapeshifting wolves willing to battle for life and love. Each book is a complete standalone story no cliffhangers! \* A paranormal romance with adult content. The perfect read for fans of strong heroines, alpha heroes, werewolves and shapeshifters, bad-boy bikers, red-hot cowboys, romantic westerns, paranormal suspense, action-adventure romance, and fantasy romance!

USA Today and bestselling author Anna Lowe loves putting the hero back into heroine and letting location ignite a passionate romance. She likes a heroine who is independent, intelligent, and imperfect a woman whos doing just fine on her own. But give the heroine a good man not to mention a chance to overcome her own inhibitions and shell never turn down the chance for adventure, nor shy away from danger. Anna is a middle school teacher who loves dogs, sports, and travel - and letting those inspire her fiction. Once upon a time, she was a long-distance triathlete and soccer player. Nowadays, she finds her balance with yoga, writing, and family time with her husband and young children. On any given weekend, you might find her hiking in the mountains or hunched over her laptop, working on her latest story. Either way, the day will end with a chunk of dark chocolate and a good read.
