RanchAuthor: Anna LoweReviewer: Stephanie Jordan#Paranormal. #WolfShiftersWell it looks like I read Twin Moon Ranch out of order, actually just one. So I'm going back this is book 1 where their true love blossomed. I'm so happy I did go back too. I'm recommending this series, it is exciting and well written. Lana Dixon is a wolf shifter, she has come to Arizona to help her grandmother settle in her new place at Twin Moon Ranch. Lana was here thirteen years ago and everything was unsettling it seemed that everywhere she went in Twin Moon Ranch it was unsettling, at first she thought she found her mate but sadly she found nothing and went back east to her Pack. Ty Hawthorne is a wolf shifter and right now he has a lot on his plate. His dad is Alpha but he left for a week and Ty was in charge. He's been training for this his whole life being the 1st born he would be Alpha when his dad stepped down. In the mean time there were Rogues running loose stirring up a lot of trouble and if that wasn't bad enough he was on edge, he knew that smell, he had no time for this. But can he ignore it? I was gifted this ARC for an honest and truthful review. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A forbidden love that's meant to be. Von Jean Smith I started this series with Desert Wolf one of the HEA sequels to this story. So I got an introduction to Lana and Ty when I read it and what their future looks like. Then I went on to read Desert Hunt, the prequel. So picking up Desert Moon I had an idea of who Ty and Lana are. Desert Hunt had also given me a sense of the loss, loneliness and absolute responsibility under which Ty lived. What I didn't have a clue about was that Lana had also been feeling the sense of loneliness and hopelessness in finding her mate. Twelve years before a recently matured Lana visited the deserts of Arizona with her maternal grandmother where an elusive scent teased her senses with the promise of a future that never happened. Instead, she traveled home to the east coast with an overwhelming sense of loss. The daughter and sister of alphas she has learned well how to handle the irascibility of an alpha. So when confronted with an overbearing Ty she has absolutely no problem standing up to him or being the rock he needs to center himself. She's also had her share of run-ins with rogues and has the scars to prove it. Lana is obviously a power to reckon with and no wilting violet of a princess. Ty has been pining for a mate for twelve years as well. Having left to handle pack business he came home to a scent that rode the winds of the desert but proved elusive everywhere he searched. Having resigned himself to an arranged mating rather than the one fate intended, Ty has already had to deal with his father's controlling efforts to force an unwanted mating. Now he finds himself irresistibly drawn to his enemy's daughter and with the threat of rogues no time to indulge. But fate finds a way of making time regardless of family feuds and rogues, maybe with a few bumps along the way but time none the less. Desert Moon is a great wolf shifter story. I'm looking forward to reading the others in the series. Ms. Lowe has built an engaging shifter world with The Wolves of Twin Moon Ranch series. *****Reviewed for Xtreme-Delusions*****
