Guter Anfang, noch besseres Ende,Von emsenur die Mitte gefiel mir nicht so gut.Ich muss gestehen, ich bin kein berzeugter Kindle Alexander Fan. Oft sind mir ihre Bcher zu glatt und zu s. Deshalb war ich auch so angenehm berrascht als ich Full Disclosure den 2. Teil der Nice Guys Serie gelesen habe, der mir wirklich komplett gefallen hat. Deshalb habe ich

mich direkt danach auf den 1. Teil gestrzt, dessen Story mich eigentlich nicht so gereizt hatte. Ja und da war es wieder , dieses leichte sliche Geplnkel . Aber nur ganz kurz. Alles andere war wirklich gut . Lesenswert. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Romantisch !!! Von J.G. Ich fand die Geschichte sehr romantisch. Obwohl beide Protagonisten die vergangenen Jahre sicherlich nicht wie Mnche verbracht haben, sprte man doch immer die Sehnsucht und unerfllte Liebe der beiden zueinander. Den Schmerz den beide empfanden sprte ich fast krperlich !! Trnen waren unvermeidbar !! Ich freue mich schon auf die Fortsetzung, wann auch immer die kommen mag ??? 2 von 3 Kunden fanden die folgende Rezension hilfreich. A brilliant story, awesome writing, easy-to-love-characters! Where's the billion star rating??? Von Cassandra Kindle Alexander has the ability to pull you into the story, break your heart in million pieces and set it back together. Every story is an emotional journey that has you going from happy, to sad, to frustrated, to angry, to sweating, to hyperventilating and crying and totally falling in love. Colt is the football superstar about to get drafted into the NFL when he spends a week in paradise with cheerleader Jace. A week both won't ever forget. A week that changes their lifes forever. A week that has their hearts set. Unfortunately, paradise is not the real world. One person interferes and they end up going after own dreams. And still their love for each other defines them, defines their actions and careers - and after 10 years brings them back together. Yet again, an event still not fully enlightened nearly breaks them apart again. But it's an event that needs both men up and stand up and fight. I was an emotional wreck reading this and I loved every minute, every word, every page of it. Looking forward to part two in this series!

Kurzbeschreibung Up and coming football hero, Colt Michaels, makes a Hail Mary pass one night in the college locker room that results in the hottest, sexiest five days of his young life. However, interference after the play has him hiding his past and burying his future in the bottom of a bottle. While Colt seems to have it all, looks can be deceiving especially when you're trapped so far in a closet that you can't see your way out. When ten years of living his expected fast-lane lifestyle lands him engaged to his manipulative Russian supermodel girlfriend, he decides it's time to call a new play. Jace Montgomery single-handily built the largest all-star cheerleading gym in the world, driven by a need to forget a life-altering encounter with a handsome quarterback a decade ago. His reputation as an excellent coach, hard-nosed business man, and savvy entrepreneur earned him respect in the sometimes catty world of competitive cheerleading. When Jace learns of his ex-lover's plans to marry, his heart executes a barrel roll and his carefully placed resolve tumbles down without a mat to absorb the shock. Can his island escape help him to finally let go of the past and move his life forward? Author Kindle Alexander is an innovative writer, and a genre-crossoverer who writes classic fantasy, romance, suspense, and erotica. Its always a surprise to see whats coming next! Happily married with too many children, and dogs, living in the suburbs of Dallas. Usually, I try for funny. Humor is a major part of my life I love to laugh, and it seems to be the thing I do in most situations regardless of the situation, but jokes are a tricky deal I dont want to offend anyone and jokes tend to offend. So instead Im going to tell you about Kindle. I tragically lost my sixteen year old daughter to a drunk driver. She had just been at home, it was early in the night and I heard the accident happen. Ill never forget that moment. The sirens were immediate and something inside me just knew. I left my house, drove straight to the accident on nothing more than instinct. I got to be there when my little girl died weirdly, I consider that a true gift from above. She didnt have to be alone. That time in my life was terrible. Its everything you think it would be times about a billion. I love that kid. I loved being her mother and I loved watching her grow into this incredibly beautiful person, both inside and out. She was such a gift to me. To have it all ripped away so suddenly broke me. Her name was Kindle. Honest to goodness it was her name and she died a few weeks before released their brand new Kindle ereader. She had no idea it was coming out and she would have finally gotten her name on something! Try finding a ruler with the name Kindle on it.. It never happened. Through the course of that crippling event I was lucky enough to meet my writing partner. I would have never gotten through those dark days without her unwavering support and guidance. There wasnt a time she wasnt there for me. For the first time I used the hand offered. I know without question I wouldnt be here today without her. It takes a special person to come stand

beside someone at a time like that. I will love her forever. I could go on and on about both of them, but I wont and now you know a little more About Me.
