**Von Linda Howard : Duncan's Bride** before purchasing it in order to gage whether or not it would be worth my time, and all praised Duncan's Bride:

rancher, who lost 1/2 of everything he owned to his first 'city' wife during a divorce one 'city' girl who's determined to make him believe in love. Reese's heart guided him in his first disastrous marriage, he was determined his head would guide him the second time. So he advertised for a no-nonsense wife to bare his children, keep his bed warm, cook, clean, etc. Madelyn, city girl and somewhat wealthy, replied to his ad -- only to be told she didn't suit after their meeting! After all she was too cute and too city bred to survive the tough life on a ranch and he was cynical enough not to trust another 'city' girl. But there was an immediate attraction between the two. He eventually calls her in New York with his proposal and their life together on the ranch begins...through trials and triumph, this was a very good weekend read. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Very enjoyable! Von Ein Kunde Reese, a man who has been 'taken to the cleaners' by his first wife, advertises for another to take care of him and home, love not necessary or even desired. Madelyn, tired of the hustle and bustle of New York City is drawn to this ad and applies. They set an appointment and meet. Sparks fly from the moment they set eyes on each other. Reese does not feel she is good 'ranch material' and decides to send her back. Obviously he can't stop thinking about her and reconsiders. She agrees to the marriage as she is already head over heels in love with this man that does not have love to give. He's too bitter with his first wife to see past it. At times he's rude and he has an explosive temper. Madelyn, a very strong woman makes it her mission to get him to love her and to make him see that she is nothing like his first wife. A great read. The paperback only 251 pages is one you will find difficult to put down. I read it in one day. The ending like the entire story, was great. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A non-stop good time. Von Ein Kunde Reese was a no-nonsense, straight-shooter wanted a wife one who would cook, clean, help him with the ranch, give him children, and leave him alone. His first wife already stomped on his heart and took him for nearly everything he had, and he wasn't going to be that vulnerable again. Enter Madeline, a chic, sophisticated city girl, the very opposite of what he expects. Despite their differences, their sense of fascination draws them to each other and they marry. The author includes a lot of interesting facts via Reese and Madeline's wordgames. She showed that despite their attraction, they could have an intelligent conversation, and I liked that. Linda Howard paints an enthralling picture of ranch life and the relationship between Madeline, who can find her way around a kitchen, and Reese, a man who believes that the land is all he can count on. The author lets us see into the world of a couple who married under unusual circumstances and how they work out their differences. I like the way the author had Madeline leave Reese after he practically screamed at her for helping him with his ranch. She stays at a place in town and everyday Reese comes in, asking her to come back. She won't go until he reveals the reason why SHOULD come back, and only he knows.
