**Von Mia Asher : Easy Virtue (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Easy Virtue (English Edition):

She didnt have an easy life and has had a makeover of sorts. She now morphed into a woman some would call a Golddigger. She meets the wealthy, handsome Lawrence and sees a chance for a new victim (I have to tell it, how it is). But her heart truly beats for another man,

Ronan. What will she decide for in the end for the money or the love? This wasn't an easy read for me. I love, love, LOVE Mia Asher's writing style and that she can make me grind my molars with her angsty plots. But in *Easy Virtue*, I had serious problems with accepting and respecting the female MC, Blaire. Her decisions were more than questionable and frustrated the hell out of me. But I loved both male MCs, so there was the balance for Blaire. As for the story itself, I would call it a sort-of-love-triangle. Well, I guess that's in every reader's own opinion if this is a love-triangle or not. For me, it was. Mia Asher always makes me feel so much with her books, it's as if I'm an observer for her characters' lives. It's as amazing as it is frustrating because it makes me feel the bad things, too. But in total, everything balanced itself out pretty well. Why not five stars? Well, I have to admit, that the reason therefore is pretty personal. First, because I was a bit at war with Blaire and second, the ending. I knew going into the book that *Easy Virtue* would end on a cliffhanger. But I was a bit (no, scratch that pretty badly) annoyed by the fact, that the book was relatively short but ended in such a bad place and without getting any hint as to when the sequel would finally be out. That, I couldn't accept a hundred percent. I've read *Easy Virtue* already in January 2015. All in all, I rate *Easy Virtue* with 4,5 stars and can recommend it to all fans of angsty reads and Mia Asher-books. Now, I'm looking forward to the sequel *Sweetest Venom*, which will be released on April 3rd, 2016. \*\*\* This review is also posted on [CollectorOfBookboyfriends.com](http://CollectorOfBookboyfriends.com) \*\*\* 0 von 0 Kunden fanden die folgende Rezension hilfreich. What a ride of a read - but so worth it! Von Cassandra If you would have asked for a review at 30% in... it wouldn't have been even close to five stars. Did you ever look forward to a book by an author you love? The teasers are so hot, you know it must be good? You have the feeling it will blow you, and others are posting how freaking awesome it is? And then you start reading and you keep reading and you think... 'What the hell is wrong with me? Is it me? Is it the book?' Unfortunately, that was what happened to me! :( I just couldn't get into it. I was beating myself up over it. And yet, I kept reading. I believe in Mia, I believed in that book and I didn't want to give up on the book yet. There must have been something special since so many were crazy about it. First, an encounter in *The Met*. A stranger that captured Blaire's interest, that drew her to him. I was interested. Second, a run-in with another stranger outside *The Met*. I got a little excited that this could be really interesting. What sucked me in was a meeting with Ollie in the park! Blaire had a rough childhood with no love. So no wonder she's like she is now. She uses for money and an expansive lifestyle and gets used for her body. She doesn't believe in love... whether be it loving her self or being loved by others. Lawrence and Ronan - those two hot guys! They couldn't be more different. They both make her offers, telling her whenever she's ready. Both speak to Blaire, well the two sides of Blaire. Both sides are strongly affected, heavily attracted to both men. And yet their offers like the men themselves couldn't be more different. As Blaire tries first the one offer then the other, her world turns upside down and Blaire isn't sure anymore what to think, where her place in the world is. When both things collide... Mia Asher ends the story!!!!!!!!!!!! ARE YOU SERIOUS????????????? Yes, it's a mind-blowing cliffhanger! After I've gone through the first part not knowing what to think, my panties caught fire! My heart melted! My body and mind wanted it all! It turned out to be the fun, sexy, shameless, hot read I was anticipating! Blaire is an interesting character that's complex and yet vulnerable like a little child. Lawrence is an arrogant and secretive billionaire that makes you drop to your knees. He's hiding something and I want to know what! Ronan is the easy-going heart-melting, yet naughty man that doesn't have to hide anything. Book 2 hopefully reveals more about the way Blaire is going and how both men will help her discover herself? Will she end up with one? Who knows... Book 2, I'm ready!

Kurzbeschreibung Love is selfish... My name is Blaire. I'm the bad girl. The other woman. The one who never gets the guy in the end. I'm the gold digger. The bitch. The one no one roots for. The one you love to hate. I hate myself too... Everyone has a story. Are you ready for mine? This is part one of a two book series. \*\*\* Warning: Intended for a mature audience 18+ years old Kurzbeschreibung Love is selfish... My name is Blaire. I'm the bad girl. The other woman.
