I wanted a hot story, a lot of dirty and hot Sex and the usual evil arrogant hot CEO and the smart girl etc. - But as I started reading, I was hooked on this story from the first page, the whole story about the family is written so exciting, the characters in individual and how everything is connected . Each has its own role in a tragic event. You have to know what he or she have to deal with this family? Not to forgetting, of course, the tension between Ryland and Brighton. Will they fall in love with each other? What all will Brighton do for her brother? How far does she go? How far does Ryland go?Not just hot sex scenes, NO its exciting up to the last page, a Family tragedy, and Family war! Then it's the end of Bleeding Hearts #1 and you have to read the second part because it can't and mustn't end this way! Loved it!0 von 0 Kunden fanden die folgende Rezension hilfreich. romanceVon Kim HildeIve signed over complete control of my body and life for six months to a man I dont know. She likes all things chocolate, books that come with warnings, and pretty much any kind of characters that are dark and gritty. You can find more about her on her website.
